EDUCATION

MPhil/PhD Health Policy and Health Economics **Sep 2023 – Sep 2027**
London School of Economics and Political Science, United Kingdom

Proposed Research: *Behavioral Incentives for Vaccine Uptake: Heterogeneity Across Individuals During the COVID-19 Pandemic.*

Supervisors: Professor Joan Costa-Font and Dr. Miqdad Asaria

MSc International Health Policy **Sep 2021 – Dec 2022**
London School of Economics and Political Science, United Kingdom

MSc Dissertation: *The impact of transport-centered mobility interventions in the social and built environment on the functional ability of older people: a systematic review of experimental and quasi-experimental studies*

BSc (Hons) Global Health and Social Medicine with Pharmacology **Sep 2018 – Jun 2021**
King's College London, United Kingdom

Final Year Dissertation Research Project: *Pandemic Propaganda: How did the Media use the 9/11 Terrorist Attacks to Frame the Covid-19 Outbreak in New York City.*

USA High School Diploma, Italian Scientific State Exam "Maturità" **Sep 2006 – Jun 2018**
New York City, United States of America – Final Grade 94/100

WORK EXPERIENCE

LSE Health **Oct 2022 – Present**

Research Assistant for "Pan-European Response to the Impacts of COVID-19"

- Assisted Prof. Joan Costa-Font and a team working on four distinct papers funded by the European Commission, exploring the role of economic and behavioral incentives for vaccination, particularly within ethnic minority groups who may have experienced structural trauma.
- Conducted literature reviews, analyzed survey data, developed empirical strategies, and wrote and reviewed drafts for all papers on different aspects of vaccine incentives and hesitancy.
- Helped Prof. Costa-Font develop and review other work (such as research papers and book chapters) on behavioural economics for health, as well as assisted in preparing for conference presentations, and participated in supplementary methodological training courses (e.g. STATA).

United Nations Office on Drugs and Crime **Sep 2022 – Jan 2023**

Geneva Liaison Office Intern and Project Researcher

- Assisted the Liaison Office in coordinating research projects, as well as events and meetings, to further the mandate of the UNODC-WHO Programme on Drug Dependence Treatment and Care.
- Researched and developed a concept note with WHO input on the role of law enforcement in policing public health emergencies, circulated amongst UNODC officials for funding.

**WHO European Observatory on Health Systems and Policy
Research Assistant for Healthy-Ageing Systematic Review**

Jun – Sep 2022

- Joined a systematic review team led by Dr. Huseyin Naci and Dr. Jonathan Cylus, for the project “Designing age-friendly cities: What do we know about the effectiveness of common approaches?”, aiming to quantify the impact of age-friendly city interventions, focusing on transportation, urban development, and housing interventions that support elder functional ability and healthy ageing.
- Conducted a preliminary scoping search to gauge the volume of available studies, and developed a comprehensive search strategy in collaboration with an information specialist.
- Participated as one of 4 reviewers in the Rayyan screening. Screened over 4000 studies in the Title-Abstract phase, narrowed studies down to 200 for the full-text screening phase. Sorted studies using exclusion and intervention criterion and presented these to the team in a Prisma Flowchart.

M.G.Lorenzatto Spa, Turin, Italy

Jul - Aug 2019

“Horizon 2025 Analysis Internship”

- Collaborated alongside the 50+ employees of M.G. Lorenzatto, one of Italy’s leading companies specialized in the distribution and customer service of instruments, equipment and accessories for gastroenterology, endoscopy, surgery, and advanced diagnostics.
- Analyzed 2018’s OASI Report (Observatory on Healthcare Organization and Policies in Italy), supporting the board members’ strategy development by synthesizing the report’s key findings.
- Conducted a literature review to aid in the analysis of recent health policy and managerial decision-making to help the company deal with these new trends in the best possible manner.
