

British Society for Population Studies 2024 Conference: Programme

All sessions, lunches and refreshment breaks are in the Chancellor's Building, room numbers CBXX as indicated, except for meals & the walk on Tuesday

Monday 9 September						
11.00	Conference registration opens. CB foyer.					
12.00 - 1.30pm	Lunch. CB Level 1 & Level 2 Foyer					
1.30 - 3.00pm	<p>Ageing 1 – Cognition in later life. CB3.1</p> <p>Chair: Ginevra Floridi</p> <ol style="list-style-type: none"> 1. Joint associations of physical activity and sleep with transitions to cognitive impairment and dementia in older adults - Mikaela Bloomberg, Laura Brocklebank, Jessica Gong, Andrew Steptoe 2. Household air pollution from cooking fuels and cognitive decline in older adults: Evidence from longitudinal aging study in India (2017–2019) - Abhishek Gupta, Kailash Chandra Das, Kunal Keshri 3. Understanding gender differences in cognitive aging in rural Malawi - Adriana Scanteianu 4. Analyzing the influence of mid-life employment trajectories on cognitive aging in Chile - Magdalena Delaporte, Irma T Elo, Jere R Behrman 	<p>Disaster and crisis 1. CB3.16</p> <p>Chair: Rosie Le Voir</p> <ol style="list-style-type: none"> 1. Enforced disappearances, homicides, and life expectancy during the Colombian conflict - Maria Gargiulo 2. Fertility and crisis in Indonesia: 30 years of climate disasters - Tiziana Leone, Maria Rita Testa 3. The uncertainty of forced displacement: how language and violence have shaped forced migrants' journeys during Russia's invasion of Ukraine - Brienna Perelli-Harris, Orsola Torrisi 4. Chemical warfare is psychological warfare: Agent Orange exposure and the mental health of older Vietnamese adults - Yvette Young, Zachary Zimmer, Kim Korinek 	<p>Historical demography 1: Historical fertility and migration. CB3.9</p> <p>Chair: Eric Schneider</p> <ol style="list-style-type: none"> 1. The First Demographic Transition in Britain – one or more? - Alice Reid, Hannaliis Jaadla, Eilidh Garrett, Kevin Schurer 2. Women's work, marriage, and fertility in nineteenth-century Derbyshire - Emma Diduch 3. Madrid migratory fields. Migrants' selection and urban localization in 1905 - Diego Ramiro-Fariñas, Michel Oris, Melissa Barba, Dariya Ordanovich 4. The evolution of interregional migration patterns in Russia from 1897 to 2021- Salavat Abylkalikov 5. Kinship networks and persisting outmigration patterns: A case study of 19th and early 20th Century Guangdong, China - Tianning Zhu 	<p>Continuous improvement in official population statistics CB3.15</p> <p>Census 2021 for England and Wales currently provides the most detailed snapshot of the population, however there continues to be changes; people move homes, change jobs, some leave the country. As part of ONS's continuous improvement, we have been looking at how we can move towards greater use of administrative data which should provide users with more timely estimates with a more consistent level of quality. In 2024 ONS will publish the recommendation to our consultation on the future of population and migration statistics in England and Wales.</p> <p>In this session you will hear more about ONS's longer-term plans from Mary Gregory, Nick Taylor, Neil Bannister and Jon Wroth Smith</p>	<p>Families and households 1: Childcare & child welfare. CB1.10</p> <p>Chair: Kathrin Morosow</p> <ol style="list-style-type: none"> 1. Does formal childcare uptake stimulate continued fertility? Evidence by migration background for Belgium - Jonas Wood, Laura Ceurvels, Julie Maes, Karel Neels 2. A decomposition of changes in formal childcare usage in the Netherlands from 2010 to 2019 - Flora Zhou, Tom Emery, Jennifer Holland 3. Behind closed doors: Child disability and family members' social well-being- Elena Neri 4. Does alloparenting really improve child health and wellbeing? A cross-cultural investigation of alloparenting and its associations with child outcomes across 5 populations - Rebecca Sear, Anushé Hassan, Laure Spake, John Shaver & the 	<p>Migration 1: Patterns and trends. CB3.5</p> <p>Chair: Ruth Neville</p> <ol style="list-style-type: none"> 1. Projecting migrant family life-courses in Britain - Andrew Ibbetson, Hill Kulu, Julia Mikolai 2. Investigating the impact of political dynamics on migrant perinatal health in Sweden - Michaela Sedovic, Eleonora Mussino, Siddhartha Aradhya , Sol Juarez 3. In pursuit of prosperity: Do urban migrants enjoy quality of life at par with non-migrants? - Ayushi Basoya, Rama Pal 4. Moving away and moving on: Multiple migration experiences and critical life choices - Ebru Sanliturk

					Evolutionary Demography of Religion Project Team	
3.00 - 3.30pm	Break. Refreshments. CB Level 1 & Level 2 Foyer					
3.30 - 4.30pm	PLENARY 1 – Heidi Colleran CB 1.10 <i>Deconstructing Natural Fertility</i> Chair: Nitzan Peri-Rotem					
4.30 - 4.45pm	Short break					
4.45 - 6.15pm	Ageing 2 – Employment in later life. CB3.1 Chair: Giorgio Di Gessa 1. Unpacking trends in health, disability and employment in the UK, 2014-2023 - Mark Bryan, Andrew Bryce, Jennifer Roberts, Cristina Sechel 2. Ethnic differences in pension protection in the UK: continuity and change between 2009-2023 - Athina Vlachantoni, Yuanyuan Yin, Saddaf Naaz Akhtar, Spela Mocnik 3. Competing demands for informal care provision: An intersectional multilevel analysis of individual heterogeneity and discriminatory accuracy (I-MAIDHA) - Edward Pomeroy, Francesca Fiori 4. Employment responses to a partner’s disability onset: do working conditions matter? Constance Beaufile, Karen	Health and mortality 1: International perspectives on health and mortality CB3.9 Chair: Casey Breen 1. Poverty effects of chronic health conditions in Europe – heterogeneity by demographic and socioeconomic subgroups - Aapo Hiilamo 2. In utero exposure to pandemic influenza and accelerated ageing: an investigation of the long-term effects of exposure to the 1958 Asian flu epidemic - Emilie Courtin, Charis Bridger Staatz, Gemma Shireby, David Church et al 3. Racial and regional variation in the mid-century tuberculosis decline in apartheid South Africa, 1948-1968 - Nicholas Fitzhenry	Violence and abuse 1: Intersectional and emerging topics in violence & abuse. CB3.16 Chair: Lana Chikhungu 1. Invisible victims: Investigating the rights and Realities of unnamed children in Nigeria's baby factories - Ugochi Nkwunonwo, Lana Chikhungu, Karen Shalev-Greene 2. Is there a relationship between childhood exposure to domestic violence and abuse and mental health outcomes? An examination of evidence from 10 low- and middle-income countries - Rebecca Harris, Amos Channon 3. Autistic Lives Matter: Intersectional insights into violence against autistic people in Brazil - James Thiago Leite Cruz 4. Silenced and dismissed: An examination of female	Families and households 2: Economic and social implications of the division of housework. CB1.10 Chair: Jennifer Golan 1. Do flexible hours and working from home allow parents to more equally share childcare tasks? - Bernice Kuang, Brienna Perelli-Harris, Ann Berrington 2. The authority gap: Intersections of gender and ethnicity - Helen Kowalewska 3. Does working-from-home bring more babies? The mediating roles of gender division of domestic labour - Shiyu Yuan, Heejung Chung 4. The association between family strategies and the next generation's economic outcomes - Lisa Waddell	Migration 2: Migration, digital traces and methodological innovations CB3.5 Chair: Francisco Rowe 1. Understanding the local spatial and temporal patterns of attitudes towards immigration using Twitter data - Matt Mason, Francisco Rowe 2. Measuring inter-state migration in India with geo-referenced Twitter data - Tigran Sogomonian, Arkadiusz Wiśniowski 3. The impact of COVID-19 on mobility patterns in Latin America - Carmen Cabrera-Arnau, Francisco Rowe, Miguel González Leonardo, Andrea Nasuto, Ruth Neville 4. Overrepresentation and missed opportunities in migration research - Jose Ignacio Carrasco Armijo, Aliakbar Akbaritabar, Marie Godin, Carlos Vargas-Silva	Climate change 1 CB3.15 Chair: Tobias Ruttenauer 1. Standards for official statistics on climate-health interactions - Matt Pearce, Anthony Brown 2. Prenatal heat exposure and infant mortality - Jasmin Abdel Ghany, Liliana Andriano 3. Understanding the effects of seasonality on acute child undernutrition and household coping mechanisms in selected areas of Bangladesh - Alice Wolffe, Fatema Tuz Zohora, Shouro Dasgupta, Tasmima Rahin et al 4. Cohort-Based Analysis of Climate-Related Mortality Differentials in Spain - Dariya Ordanovich, Diego Ramiro, Aurelio Tobías, Michel Oris

	Glaser, Ben Baumberg Geiger		victims' experiences of police responses to sexual violence in the UK: Where is the encouraging evidence? - Dina Kapardis, Beth Matton			
6.15 – 6.30pm	Short break					
6.30 - 8.00pm	Poster session & drinks reception – CB L1/L2 foyer. All Conference participants welcome.					
7.00pm	Bar open (card payments only). Claverton upstairs.					
7.30pm onwards	Dinner (pre booked). Claverton upstairs.					
11.30pm	Last orders at the bar. Claverton upstairs.					
Tuesday 10 September						
7.30 – 9.00am	Breakfast (pre booked with overnight accommodation). Lime Tree.					
9.00 - 10.30am	Developments in official population statistics 1 CB3.15 Chair: Steve Smallwood 1. Ensuring official statistics on population and society serve the public good - Claire Mokrysz 2. Towards a better understanding of unattributable population change 2011-2021 for the lower tier local authorities of England and Wales - Tony Champion 3. Rebasing and reconciliation of mid-year population estimates following Scotland's Census 2022 - Michael Edie, Martin Miller, Jennifer Pennock	Historical demography 2: Historical epidemic diseases. CB3.16 Chair: Hanna Jaadla 1. Transport and the transmission of plague across settlements in Early Modern England - Charlie Udale, Henry Yeomans, Eric Schneider 2. 'Contours of death' revisited: the geography of health and mortality in early modern England - Romola Davenport, Max Satchell 3. A consequence of enclosure? Malaria and mortality in the Danish marshlands - Mathias	Health and mortality 2: Innovation in methods in health and mortality. CB3.9 Chair: Nick Fitzhenry 1. Using singular value decomposition to understand variation in mortality age schedules across multiple populations - Antonino Polizzi, Monica Alexander 2. Reclassifying undetermined intent and ill-defined deaths to estimate true suicide rates in the United States from 2010 to 2019 - Clara Renée Girault 3. Needles in a haystack: Modelling Excess Mortality	Longitudinal census data CB3.1 Chair: Hill Kulu 1. The Northern Ireland Longitudinal Study – Health transitions among the 2021 cohort - Estelle Lowry, Ian Shuttleworth, Peter Wilgar, Catherine McLoughlin, Neil Rowland and Duncan McVicar 2. New developments with longitudinal census data - Rebecca Jathoona, Jim Newman and Stephan Tietz 3. National, religion, and passport identities in Northern Ireland: Transitions and growing complexity 2011-21 - Ian	Families & households in LMICs. CB1.10 Chair: Helen Kowalewska 1. Labour market penalty for single mothers - Somdeep Chatterjee, Ralitza Dimova, Shubham Ojha 2. Bargaining power and inheritance norms: Evidence from polygamous households in Nigeria - Jennifer Golan, Alessia Isopi 3. Gender inequality and fertility intention in Türkiye: Evidence from the 2022 Turkish Covid-19 Values Study (TCVS) - Ceylan Engin, Ladin Toplu, Eralp Kaan Karduz	Fertility and SRH 1: Early marriage and early fertility. CB3.5 Chair: Fiona Carmichael 1. Child marriage in Nepal: norms and intersections with education, health and mental health - Fiona Samuels 2. Intergenerational implications of women's early marriage in rural Nepal and India - Akanksha A Marphatia, Alice M Reid, Jonathan CK Wells, Chittaranjan S Yajnik et al 3. Using life satisfaction and subjective health to understand the impact of early marriage on young women. Broader impact of

	<p>4. Making the UK the best place to be a veteran - Trudy Hill, Esme Hookway, Hannah Willmet, Chloe Stone, Emily Knipe</p> <p>5. Past, present, and future national population projections - James Robards, Michelle Clift-Matthews, Tom McGrail White</p>	Mølbak Ingholt, Romola Davenport	<p>Against a Heterogeneous Baseline - Hampton Gaddy</p> <p>4. A new methodology for quantifying excess mortality in the UK - Daniel Ayoubkhani, Piotr Pawelek, Vahé Nafilyan</p> <p>5. Black-white mortality crossover: New evidence from Social Security mortality records - Casey Breen</p>	<p>Shuttleworth and John Hughes</p> <p>4. Innovation in Census Support at CeLSIUS - Nicola Shelton</p>		<p>early marriage in India and Africa - Shireen Kanji and Chris Darko</p>
10.30 - 11.00am	Break. Refreshments. CB Level 1 & Level 2 Foyer					
11.00 - 12.00pm	<p>Early Career Plenary - Alina Pelikh CB 1.10 <i>Changing life course trajectories of young people in England and Wales during the transition to adulthood</i></p> <p>Chair: Steve Smallwood</p>					
12.00 – 1.30pm	Lunch. CB Level 1 & Level 2 Foyer					
1.00- 1.30pm	BSPS AGM CB 1.10					
1.30 – 3pm	<p>Telling the story in statistics. CB3.15</p> <p>Chair: Michael Edie</p> <p>1. Standards for statistics matter for everyone - Penny Babb</p> <p>2. Scotland’s Census 2022 – What the outputs tell us and future publications - Christopher McCrum</p> <p>3. The changing shape of childcare in England - Anita Patel, Rebecca Vincent, James Kolasinski</p> <p>4. Demographic challenges in a nutshell - Sam Mold, Becky Haynes</p>	<p>Disability in LMICs. CB3.9</p> <p>Chair: Oki MacPherson</p> <p>1. Lower limb disability in Nepal: Measurement, scale and implications - Amos Channon, Mahesh Puri, Alex Dickinson, Lucy Gates</p> <p>2. Meaningful engagement of adolescents and youth with disabilities in sexual and reproductive health programming in Sub-Saharan Africa: A rapid evidence assessment - Sarah Tanishka Nethan, Ann Nolan</p> <p>3. Decomposing sex difference in cognitive-impairment-free-life years (CIFLE) among older-adults</p>	<p>Families and households 4: Transition to adulthood. CB1.10</p> <p>Chair: Ginevra Floridi</p> <p>1. A comparative perspective on gender dynamics in couples’ labour market preconditions to parenthood - Leen Marynissen, Jonas Wood</p> <p>2. Mental disorders and becoming a parent among young adults: a nationwide register study in Finland - Kateryna Golovina, Ripsa Niemi, Mai Gutvilig, Markus Jokela, Marko Elovainio, Christian Hakulinen</p> <p>3. Precarity, class, and parental coresidence in the UK: Evidence amidst the cost-of-living crisis -</p>	<p>Health and mortality 3: Health and mortality in the UK. CB3.1</p> <p>Chair: Joseph Harrison</p> <p>1. Which environmental characteristics explain the worse mental health of young people who lived in deprived coastal communities in adolescence? - Emily Murray</p> <p>2. Changes in faith and health among Muslims during COVID-19 pandemic - Hiroshi Kojima</p> <p>3. Maternal characteristics and infant and child mortality: A cohort study in England linking Census and health data - Isobel</p>	<p>Fertility and SRH 2: Fertility & birth CB3.5</p> <p>Chair: Mel Channon</p> <p>1. The distribution of reproduction during a fertility transition: Understanding the declining spread of parenthood in Brazil - Ewa Batyra, Ben Wilson</p> <p>2. Shadowing the knowledge society: exploring the impact of rising job demands for learning on fertility - Ewa Jarosz, Chen Luo, Anna Matysiak</p> <p>3. Education and reproductive behaviour: Exploring the role of genetic propensities - Selin Köksal</p>	

	5. People experiencing homelessness - Samantha Trace, Matthew Morrison	in India - Ruchira Chakraborty, T V Sekher 4. Barriers and facilitators to physical rehabilitation services for adult users of wheelchairs and orthoses in Cambodia - Charlotte Owen, Amos Channon, Andy Power	Vincent Jerald Ramos, Ann Berrington 4. Does being NEET after completing higher education negatively affect early career labour market outcomes? - Marianne Joy Vital	Ward, Sarah Barratt, Cameron Razieh, Charlotte Standeven et al 4. The coast is always changing: multimorbidity and coastal living - Stephen Jivraj	- Nicola Barban, Elisabetta De Cao, Marco Francesconi 4. Assessing birth outcomes in the context of single motherhood 'by choice': A study of children conceived through Medically Assisted Reproduction - Alina Pelikh, Alice Goisis, Hanna Remes, Mine Kühn, Pekka Martikainen 5. Normalisation of abortion in Britain - what would this look like in practice? - Rachel Scott, Maria Lewandowska, Rebecca Meiksin, Natasha Salaria et al
3 – 3.15pm	Short break (or meet for walk – see below)				
3.15 - 4.45pm	Data science 1: Data, methods, and models. CB3.9 Chair: Jakub Bijak 1. An approach for creating age-sex population projections for multiple overlapping small area geographies via ultra-small area projections - Tom Wilson 2. Beyond the norm: Exploring multimorbidity risks in India's aging demographic - Ajay Kumar, Bharti Singh 3. A Bayesian model to estimate male and female fertility patterns at a subnational level - Riccardo Omenti, Monica Alexander, Nicola Barban 4. Developing joint Bayesian projections of male and female fertility - Joanne Ellison, Jason Hilton, Jakub Bijak, Eregul Dodd, Jonathan J Forster, Peter W F Smith	Migration 3: Migration, gender and ethnicity CB3.5 Chair: Mary Abed Al Ahad 1. Understanding the gendered structure of international migration, 1960-2020 - Micol Matilde Morellini, Per Block 2. Early labour market trajectories of intermediate and second generation women in Belgium: a multistate life course approach - Julie Maes, Jonas Wood, Karel Neels 3. Residential mobility of immigrants and their descendants in England and Wales - Parth Pandya, Hill Kulu, Chia Liu, Julia Mikolai	Critical demography CB1.10 Chair: Michaela Sedovic 1. Understanding social life in an individualised and informalised social reality - David Bomark 2. Mapping cultural production: Global trends in LGBTQ+ family representation through Getty Images sales data- Francesco Rampazzo, Christina Pao, Kristopher Velasco 3. Residential realities: Unveiling interethnic dynamics and immigrant responses to diversity in Swedish neighbourhoods - Elena Pupaza 4. The grass really is greener on the other side: Immigration and changes in emotional well-being on Twitter - Jisu Kim, Ingmar Weber, Emilio Zagheni 5. Measuring quality of the immigration attitudes measures:	Training – Introducing the Generations and Gender Survey in the UK (UK GGS). CB3.1 1. Introduction to the Generations and Gender Survey in the UK - Brienna Perelli-Harris 2. Using the GGS Partnership and Fertility histories - Bernice Kuang 3. Online methodological insights from the UK GGS - Olga Maslovskaya 4. Accessing and using the international GGS - Olga Grunwald	Walk: Bath Abbey / Thomas Malthus BSPS member Dermot Grenham will be visiting the memorial to Thomas Malthus at Bath Abbey, heading out on Tuesday afternoon at 3pm – you are warmly invited to join him for the walk there and back, which is about 40 minutes each way, and to view the abbey. Get in touch with Dermot on dermot.grenham@gmail.com or at the conference if you would be interested.

			A case study of the 32 years old cohort in England - Michaela Sedovic, Liam Wright, Elena Pupaza		
4.45 - 5pm	Break. Refreshments. CB Level 1 & Level 2 Foyer				
5-6pm	PLENARY 2 – Ian Diamond and Alice Reid CB1.10 <i>In conversation</i>				
6-6.15pm	Break.				
6.15 – 7.15pm	<p>Health and mortality among selected populations CB3.9</p> <p>Chair: Hampton Gaddy</p> <ol style="list-style-type: none"> 1. Migrant mortality advantage in two different welfare contexts: A comparison of England & Wales and Norway - Joseph Harrison, Frank Sullivan, Katherine Keenan, Hill Kulu 2. Suicides in UK armed forces veterans, England and Wales: 2021 - Michael Archbold, David Mais, Vahé Nafilyan 3. Disparity in the golden age of medicine: The Hill-Burton Act and infant health in the US South - Matthew Purcell 	<p>Violence and abuse 2: Frontiers in violence & abuse measurement. CB3.16</p> <p>Chair: Murylo Batista</p> <ol style="list-style-type: none"> 1. The reciprocal influences of gender-based violence surveys and public policy: From survey design to dissemination of results on prevalence rates in the French overseas region of Martinique - Stephanie Condon, Sandrine Dauphin 2. Understanding fieldworker influence and social desirability bias in reporting intimate partner violence in India: Insights from the fifth round of the National Family Health Survey - Saurabh Singh 3. The demography of domestic homicide - Richard Potter 	<p>Fertility and SRH 3: Dynamics of contraception CB1.10</p> <p>Chair: Theresa Nutz</p> <ol style="list-style-type: none"> 1. Within-couple power dynamics, gender ideology and the distribution of fertility work: Evidence from Germany - Katrin Firl, Nora Müller, Theresa Nutz 2. The discontinuation, switching, and contraceptive failure patterns of long-acting reversible contraceptive users in Kenya (2017-2022) - Midanna de Almada 3. Contraceptive access in displacement: a conceptual framework and case study - Rosanna Le Voir 	<p>Determinants of education. CB3.5</p> <p>Chair: Francisco Rowe</p> <ol style="list-style-type: none"> 1. Is there a link between parental mental health and education? New evidence for the children of refugees in Sweden - Frankseco Yorke 2. Investigating social class-based inequality in access to higher education in India over the last three decades - Laeek Ahemad Siddiqui, Ashish Singh 	<p>Disaster and crisis 2 CB3.1</p> <p>Chair: Maria Gargiulo</p> <ol style="list-style-type: none"> 1. Fertility amidst risk and uncertainty: Economic fluctuations during COVID-19 and its impact on fertility intentions in Türkiye – Furkan Kazanci, Ceylan Engin, Meryem Uyaver 2. Crisis perception and fertility intentions in five European countries - Ruth Overmann
6.00pm	Bar open (card payments only). Claverton upstairs.				
7.00pm onwards	Dinner (pre booked). Claverton upstairs.				
8.00pm	BSPS pub quiz ! Nitzan Peri-Rotem and Parth Pandya				
11.30pm	Last orders at the bar. Claverton upstairs.				

Wednesday 11 September						
7.30 – 9.00am	Breakfast (pre booked with overnight accommodation). Lime Tree.					
8.00 – 8.45am	Early career breakfast – <i>Getting published.</i> Interactive on orienting your PhD/postdoc towards publishing; developing a publishing mindset early; ‘behind the scenes’; handling reviewer comments					
9.00 – 10.30am	<p>Climate change 2. CB3.16 Chair: Jasmin Abdel Ghany</p> <ol style="list-style-type: none"> Heatwave adaptation conditioned by everyday life: a simultaneous modelling approach during Pacific Northwest summers - Shiv Yucel, Tim Schwanen The Nexus of Climate Change, Migration and Conflict in Sudan - Sarah Wahby Greening the nursery: Exploring the (un)fertile grounds of environmentalism in fertility intentions - Katya Ivanova, Tobias Ruttenauer 	<p>Families and households 5: Family policies. CB1.10 Chair: Bernice Kuang</p> <ol style="list-style-type: none"> Gendering family policy: how taxes, services, and benefits shape the Hungarian household structures - Eirini Ktori Designing a survey instrument to evaluate people’s perceptions of family policies to support fertility in Scotland - Francesca Fiori, Daniele Vignoli, Raffaele Guetto Maternity leave take-up in UK academia. Why are they hurrying back? - Joanna Clifton Sprigg, Eleonora Fichera, Simona Tudor Shared Parental Leave in the UK – revolution? The effects of the policy rollout on leave uptake and length by parents - Joanna Clifton-Sprigg, Eleonora Fichera, Melanie Jones, Ezgi Kaya A family leave length trade-off? Women’s labour force status in comparative perspective - Kathrin Morosow 	<p>Data Science 2: Uncertainty in demographic forecasting and now-casting. CB3.9 Chair: Arkadiusz Wisniowski</p> <ol style="list-style-type: none"> Spatial elements in Poisson regression - Diego Andres Perez Ruiz Assessing the quality of data on international migration flows in Europe: the case of undercounting - Maciej Jan Dańko, Arkadiusz Wiśniowski, Domantas Jasilionis, Dmitri A. Jdanov, Emilio Zagheni Advancing forecasting methods for international student applications: A comparative analysis and scenario exploration - Ruth Neville, Francisco Rowe, Emilio Zagheni Measuring the information value of education and Likert scales with realist ontology and entropy - Wendy Olsen, Ziyang Zhou Bayesian nowcasting subnational populations in Ukraine to integrate multiple data sources - Andrea Aparicio Castro, 	<p>Historical demography 3: Historical mortality. CB3.5 Chair: Romola Davenport</p> <ol style="list-style-type: none"> The ‘Sanitary Revolution’ reconsidered: public health investments and mortality change in British towns 1870–1911 - Hannaliis Jaadla, Romola Davenport, Toke Aidt, Bernard Harris, Alex Wakelam Explaining change over time in socioeconomic inequalities in infant mortality in Amsterdam, 1856-1920 - J. Jona Schellekens, Tim Riswick, Angélique Janssens The geography of maternal mortality in Italy at the end of the 19th century - Lucia Pozzi, Stanislaw Mazzone, Michail Raftakis 	<p>Ageing 3: Health & care in later life. CB3.1 Chair: Gianmaria Niccodemi</p> <ol style="list-style-type: none"> Temporal dynamics of unmet long-term care needs in China: An age period cohort analysis - Jingwen Zhang Unmet care needs over time: Social networks and persistent unmet needs - Athina Vlachantoni, Maria Evandrou, Jane Falkingham, Min Qin Mental health and wellbeing among older people since the COVID-19 pandemic. Are we (all) back to normal? Evidence from England - Darío Moreno-Agostino, Giorgio Di Gessa Bidirectional association between social relationships and physical capacity among older Chinese people - Jiecheng Luo, Baowen Xue, Anne McMunn 	<p>Workshop: Exploring the use of administrative data for population and migration estimates. CB3.15</p> <p>Would you like to learn more about ONS’s admin-based population and migration estimates (ABPEs) using our dynamic population model (DPM)? This approach draws strength from a range of data sources, such as administrative data and survey data to enhance population and migration estimates. We are continuing to develop our research into this new method which will enable us to estimate population and population change in a timely way, to better respond to user needs. Join us for an opportunity to get more ‘hands-on’ as we explore the details of the model.</p>

			Douglas Leasure, Edith Darin			
10.30 – 11.00	Break. Refreshments. CB Level 1 & Level 2 Foyer					
11.00 - 12.30pm	<p>Ageing 4: Inequalities in later life. CB3.1</p> <p>Chair: Constance Beaufile</p> <p>1. The effect of childhood family endowment on health inequality of middle-aged and elderly adults in China: A decomposition analysis - Zongpu Yue, Stephen Jivraj, Emily Murray</p> <p>2. How equal are Europe's top gender-equal countries when it comes to older population health? An empirical analysis using an intersectional approach - Babul Hossain, Maria Ruiz</p> <p>3. The age of diversity: the neighbourhood demographic structure of ethnic groups in England and Wales, 2001-2021 - Momoko Nishikido, Gemma Catney, Richard Wright, Mark Ellis</p> <p>4. Internet use and physical and mental health during the COVID-19 pandemic: a study on the European old age population - Gianmaria Niccodemi, Alessandra Gaia, Mino Novello, David Consolazio</p>	<p>Migration 4: Immigration, health, neighbourhoods, housing, and family. CB3.9</p> <p>Chair: Parth Pandya</p> <p>1. Residential mobility and housing tenure changes among immigrants and their descendants: A cross-national analysis of five European countries - Isaure Delaporte, Hill Kulu, Julia Mikolai, Chia Liu et al</p> <p>2. Heterogeneities in family formation across generations and origin of descendants of immigrants in Sweden: Which comes first, homeownership, marriage, or childbirth? - Mary Abed Al Ahad, Gunnar Andersson, Hill Kulu</p> <p>3. From the 'hood to the mainstream: Analyzing childhood neighbourhood over four immigrant generations in France and Sweden - Rosa Weber, Elena Pupaza, Ben Wilson, Mathieu Ichou</p> <p>4. Diverse life course trajectories: A comparison of the life course trajectories of migrants and their descendants in the UK - Sarah Christison, Júlia Mikolai, Hill Kulu</p>	<p>Developments in official population statistics 2. CB3.15</p> <p>Chair: Sam Mold</p> <p>1. Comparison of Scotland's Census and Combined Administrative Dataset - David Rowley</p> <p>2. Population estimation for Scotland's Census 2022 - Benjamin Little, Ralph McDevitt</p> <p>3. Regulating population statistics: OSR's assessment of ONS's admin based population estimates in England and Wales - Vicky Stone, Catherine Davies</p> <p>4. Improving travel and tourism statistics: Understanding the UK's temporary population - Claudia Jenkins</p> <p>5. Admin-based living arrangements: New research and innovative methods - Sally Mylles</p>	<p>Fertility and SRH 4: Sexual and reproductive health CB3.5</p> <p>Chair: Rosie Le Voir</p> <p>1. "No one really cares": Understanding adolescent girls' experiences of menstrual pain in Nepal - Melanie Channon, Rebecca Evans, Mahesh Puri, Abbie Jordan, Minakshi Dahal, et al</p> <p>2. Changing attitudes towards abortion in Turkiye: A mixed-methods study across decades - Ladin Toplu</p> <p>3. Investigating the effect of community-level gender norms on the risk of adolescent pregnancy in Tanzania - Aleena Mery George, Atsumi Hirose, Tom Hone</p>	<p>Families and households 6: Partnership dynamics & inequality. CB1.10</p> <p>Chair: Lisa Waddell</p> <p>1. Partnership survival after first conception - Alessandro Di Nallo</p> <p>2. How does flexible working influence men's and women's housework and well-being? Findings from the UK Household Longitudinal Study - Baowen Xue, Anne McMunn</p> <p>3. Location, Location, Location? Opportunities to meet on mixed-religion relationships in a divided society - Catherine B McNamee, Paula Devine</p> <p>4. Consequences of within-couple age heterogamy on personal wealth throughout marriage: A longitudinal dyadic perspective - Davide Gritti, Theresa Nutz</p> <p>5. The gendered division of housework and sexual relationships: Evidence from the GGS-II on six European countries - Nitzan Peri-Rotem</p>	<p>Workshop – An introduction to network analysis. CB3.16</p> <p>Convenor: Carmen Cabrera-Arnau</p> <p>This workshop offers an introduction to Network Analysis. It provides an overview of the most fundamental concepts and methods of Network Analysis, some of which are particularly relevant for the study of populations and human mobility. The workshop follows a hands-on approach through a series of computational activities in R.</p> <p>Please register here by 5 September to receive your pre session instructions</p>
