

With just a few weeks left until you join us on the LSE campus, we've compiled essential information about careers, research, and academic support to prepare you for September.

### LSE Careers

[LSE Careers](#) supports your professional journey from your [offer holder stage](#) at LSE through to graduation and beyond. Our career consultants offer personalized appointments to guide you through career planning, job applications, and interview techniques. Explore workshops, employer presentations, and career fairs to network with industry professionals and discover potential career paths. Access CareerHub for job vacancies, internships, and volunteer opportunities, and connect with LSE alumni worldwide through the "[Ask an Alum](#)" tool for valuable insights.

### Research Impact and Seminars

Our department hosts a vibrant schedule of [seminars](#) featuring prominent researchers from around the world, covering a wide range of statistical topics. These seminars provide a platform for faculty and students alike to engage in cutting-edge research, expand their knowledge, and gain insights into current trends. Our research has made significant impacts across various sectors, from improving election polling methodologies to enhancing the NHS's drug pricing

system and advancing counterparty credit risk management at major financial institutions. These [impact case studies](#) underscore our commitment to practical and influential statistical research.

## LSE LIFE

[LSE LIFE](#) serves as your hub for academic and personal growth at LSE. Located in the Library, it offers workshops, one-on-one sessions, and resources to develop essential skills. Benefit from support for writing dissertations, exam preparation, and improving English language proficiency. Engage in various events and mentoring opportunities designed to enrich your student experience, whether you seek advice on study techniques or wish to explore London.

## Next Steps

- [Accept and confirm your offer](#) if you have not already done so.
- [Contact us](#) with questions related to your programme or the Department of Statistics.
- You can find back issues of our email updates [here](#).

Best wishes,

The Postgraduate Programmes Support Team  
Department of Statistics
